

Please read the Bates Program Registration Key email. Download the Bates program you purchased from [www.bates-stamp.com/bates\\_install.htm](http://www.bates-stamp.com/bates_install.htm) . Run the install program as shown below:

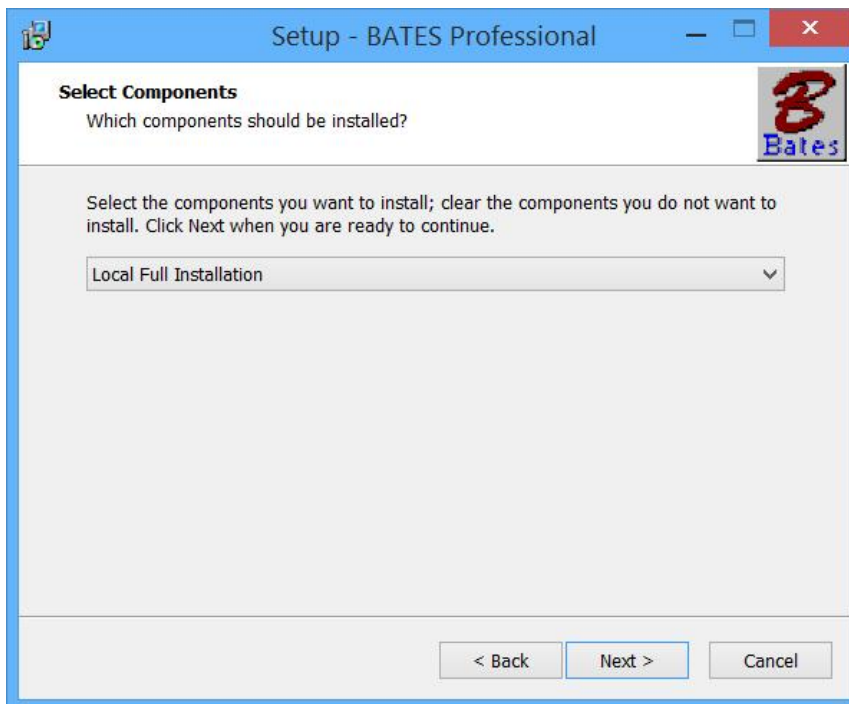

Read and accept the License agreement. Press next

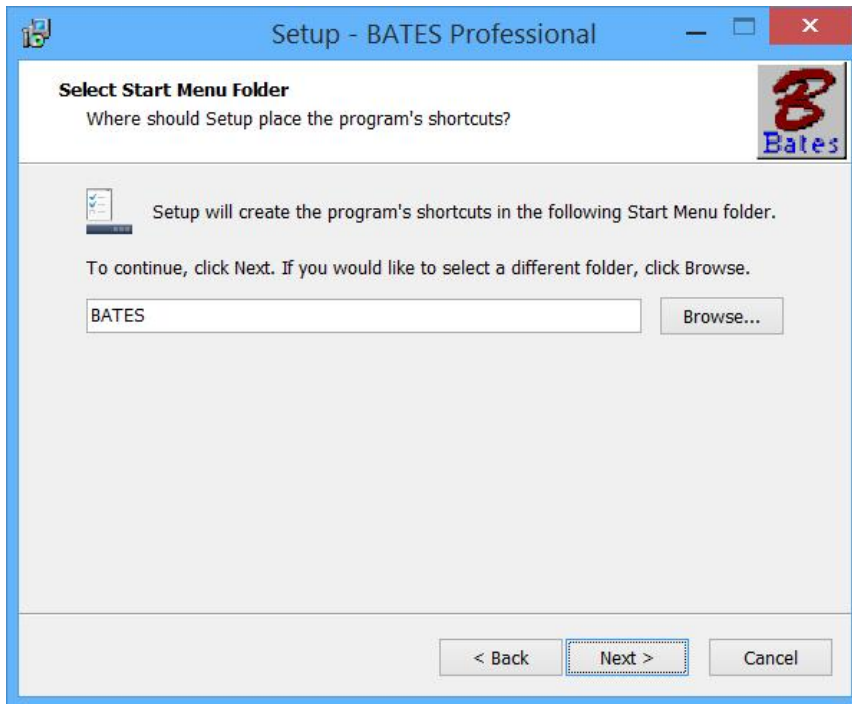

The default location for local computer installation is filled in for you. Press Next:

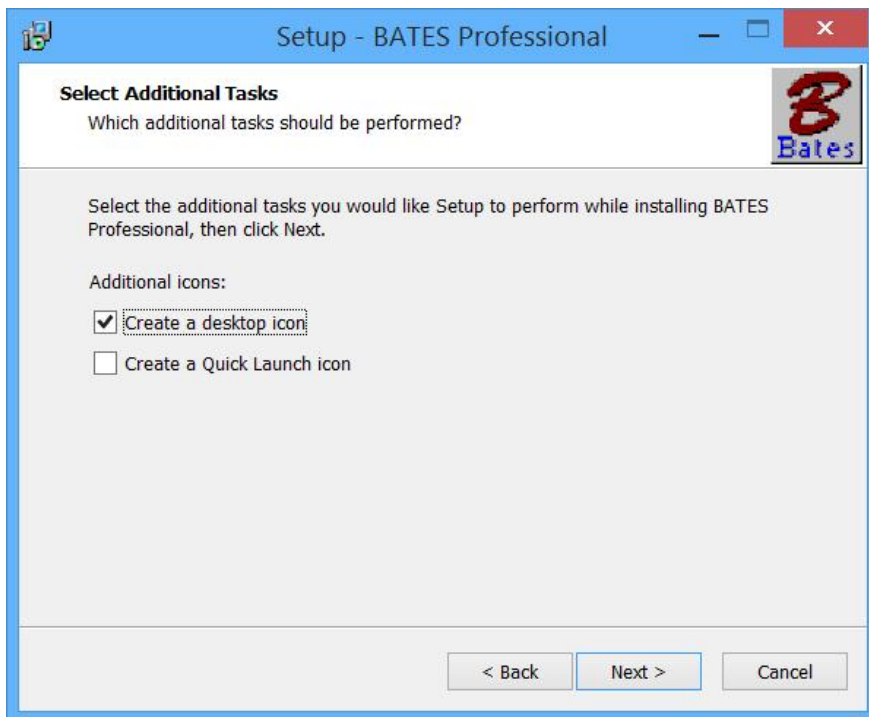

Make sure that Local Full Installation is selected. Press Next:

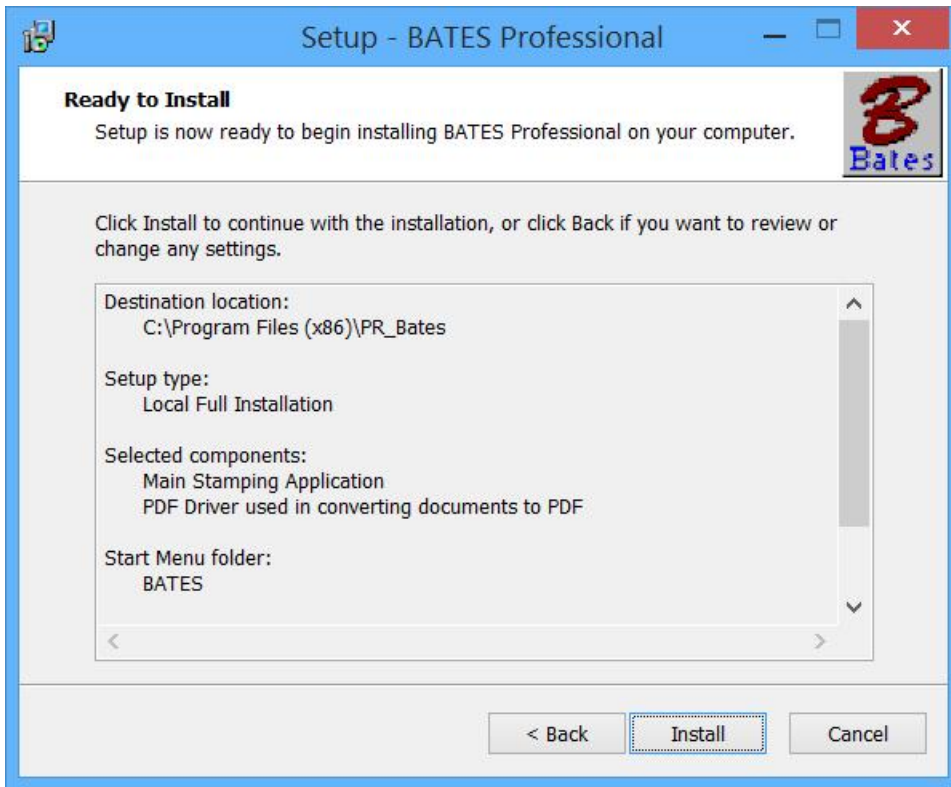

Accept the default Start Menu folder. Press Next:

Check the box for a desktop icon and/or a Quick Launch icon. Press Next:

Review your install settings. You may go back and change if needed. Press Install:

Use the success screen to finish the installation and restart your computer.

This finishes the installation. The next step is open the program and register your program.
